CAREER OBJECTIVE

I am seeking a responsible, full-time career opportunity where I can leverage my skills and knowledge to make a meaningful impact. I am eager to join an organization where I can contribute my expertise and training to drive success, while also continuing to learn and grow professionally. I am excited about the prospect of working with a talented team to achieve shared goals and make a significant contribution to the company over all success.

TECHNICAL SKILLS

- HTML & CSS
- Bootstrap
- JavaScript
- React JS
- C & C++
- Python
- My SQL DATABASE
- Power BI

WORK EXPERIENCE

Robotronix India Pvt. Ltd.

Python (Intern) | March, 2021 – May,2021

- I successfully completed an internship in Python programming during my Bachelor of Computer Science Engineering program. The internship provided valuable hands-on experience in developing practical skills in Python, which I believe will be beneficial in my future endeavors.

Softude By Systematix Infotech

Data Analyst | May, 2022 - December,2022

- Served as a Data Analyst, utilizing Power BI to design and deploy interactive dashboards, reports, and visualizations that drive business insights and inform data-driven decision-making. Utilized MySQL database expertise to extract, transform, and load complex data sets, ensuring data integrity and accuracy.

SES IT Global Solutions Pvt.Ltd.

Software Developer| September, 2023 - March, 2024

- Designed and developed user-centric frontend interfaces for 'Property Selling' and 'Recycling Products' websites, leveraging HTML5, CSS3, and JavaScript to deliver seamless user experiences. Successfully collaborated with cross-functional teams to ensure effective project execution, meeting project timelines and exceeding client expectations.

EDUCATION

2018 - 2022 | Chameli Devi Group of Institution, Indore
Bachelor of Computer Science & Engineering with 7.86 CGPA

2017 - 2018 | Board of Secondary Education M.P
Senior Secondary School Certificate (10+2) with 66.6%

2015 - 2016 | Board of Secondary Education M.P
High School Certificate (10th) with 70.6%

ACADEMIC PROJECT

- **Virtual Voice Assistant | 2021**
  Worked on a web application that utilizes natural language processing (NLP) to understand voice commands and perform tasks for the user. In this project, I utilized Python programming language to develop the application's functionality. Additionally, I created comprehensive documentation to ensure seamless understanding and maintenance of the codebase.
- **Website Development | 2023**
  Collaborated with GRD Golden Root Developers, a luxury villa development company, to create a high-end website showcasing their premium properties. In this I worked on the HTML,CSS, Bootstrap and JS to create UI part of Website. This website was designed to reflect the elegance of the villas.
